**INDIVIDUAL
PLACEMENT & SUPPORT**

for employers

WHO IS YOUTH FOCUS?

Youth Focus is a leading not-for-profit organisation that delivers free and accessible mental health services and programs across Western Australia to young people aged 12 to 25 and their families.

WHAT IS YOUTH FOCUS INDIVIDUAL PLACEMENT & SUPPORT?

Youth Focus offers free vocational support to help its young clients with mental health challenges obtain and sustain meaningful employment or education.

Entering into education and or employment has a positive impact on mental health through social inclusion a sense of value and achievement.

What sets the Youth Focus Individual Placement & Support Program apart from other vocational programs is the recognition that seeking employment and education can raise anxieties for many young people. Through Youth Focus vocational support and counselling services, staff can provide young people with additional resources and skills to help them manage their stressors that occur in these environments. The combination of counselling and vocational support has seen young people reach their goals.

HOW CAN YOU SUPPORT A YOUNG EMPLOYEE?

Having a meaningful job helps young people stay mentally healthy. Financially contributing towards the community and feeling socially included can give young people a sense of purpose and increase their quality of life.

WE ARE NOT A RECRUITMENT AGENCY OR AN EMPLOYMENT PROVIDER

Individual Placement & Support aims to work with a small group of young people to develop a tailored vocational support plan. We will help them find the right job and support them to stay in the job.

We do not receive funding to place someone in employment.

HOW CAN THIS PROGRAM BENEFIT YOUR BUSINESS?

There is no cost to you, meaning you are saving money on recruitment and advertising fees. You will be introduced to a young person that is willing and motivated to learn and grow within your business. At the same time, you'll be giving back to the community by giving a young person an opportunity to gain knowledge and experience. We will equip you with resources to support the mental health of your employee.
